Reviewer's report

Title: Nososcomial candidaemia in cancer patients: are all patients the same?

Version: 1 Date: 4 December 2005

Reviewer: monica Slavin

Reviewer's report:

General

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Spelling errors eg However (abstract), temporally, ethics (patients and methods). As the numbers are small it would be preferable to include actual numbers of cases in text and table as well as percentages.
-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
