Reviewer's report

Title: Cyclical changes in seroprevalence of leptospirosis in California sea lions: endemic and epidemic disease in one host species?

Version: 4 Date: 30 August 2007

Reviewer: Andrew Roddam

Reviewer's report:

General
The authors have responded to all of my previous concerns and made suitable changes to the manuscript and I have no further comments.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
