Reviewer's report

Title: Nationwide Trends in Molecular Epidemiology of Methicillin-resistant Staphylococcus aureus, Finland, 1997-2004

Version: 2 Date: 16 June 2007

Reviewer: Robert Skov

Reviewer's report:

General
The authors has answered and dealt the the raised questions to my satisfaction

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
'I declare that I have no competing interests'
