Reviewer's report

**Title:** Response to M. tuberculosis selected RD1 peptides in Ugandan HIV-infected patients with smear positive pulmonary tuberculosis: a pilot study

**Version:** 4  **Date:** 21 November 2007

**Reviewer:** Claudio Fortis

**Reviewer's report:**

General
The authors substantially answered my questions

-------------------------------------------------------------------------------

**Major Compulsory Revisions** (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

**Minor Essential Revisions** (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

**Discretionary Revisions** (which the author can choose to ignore)

-------------------------------------------------------------------------------

**What next?:** Accept without revision

**Level of interest:** An article of outstanding merit and interest in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
