Reviewer's report

Title: Streptococcus intermedius causing infective endocarditis and abscesses: a report of three cases and review of the literature.

Version: 2 Date: 8 March 2008

Reviewer: Claire Poyart

Reviewer's report:

The authors have done the minimal of the modifications suggested, I still think that this paper is too long and should have been transformed as a note.

What next?: Accept after minor essential revisions

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
