Reviewer’s report

Title: Spectral analysis of HIV seropositivity among migrant workers entering Kuwait

Version: 2 Date: 21 February 2008

Reviewer: Maria A. Pando

Reviewer’s report:
Authors answered very well to reviewer’s comments. They also added very important information that is worthwhile to be published, mainly because of the insufficient data available for the countries in the region. The manuscript is now acceptable for publication.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
