Reviewer’s report

Title: Molecular epidemiology of pneumococci obtained from Gambian children aged 2-29 months with invasive pneumococcal disease during a trial of a 9-valent pneumococcal conjugate vaccine

Version: 2 Date: 26 February 2008

Reviewer: Raquel Sa-Leao

Reviewer’s report:

The authors have answered to most questions and modified the manuscript accordingly. I have no further comments.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
