Reviewer's report

Title: Gated myocardial perfusion SPECT underestimates left ventricular volumes and shows high variability compared to cardiac magnetic resonance imaging - a comparison of four different commercial automated software packages

Version: 3 Date: 12 February 2010

Reviewer: Stephan Nekolla

Reviewer's report:

The manuscript addresses my concerns now in an acceptable way. Only one minor issue: The legend to Fig. 2 should state whether the data were reconstructed with FBP or iteratively. Just to avoid confusion as both methods are now used in the manuscript.
