Reviewer’s report

Title: Comparison of Contrast in Brightness Mode and Strain Ultrasonography of Glial Brain Tumours

Version: 2 Date: 12 March 2012

Reviewer: Claudia Sciallero

Reviewer’s report:

All the issues pointed out in the previous revision have been clarified. The authors have improved the readability of the manuscript and now it is suitable for publication.

Only a printer’s error in “Performing the measurements”: “That is, a different location in the image…” “in” recurred two times.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
