Reviewer's report

Title: Three-dimensional Drip Infusion CT Cholangiography in patients with suspected obstructive biliary disease: A retrospective analysis on adverse reaction to contrast material and feasibility.

Version: 2 Date: 30 January 2006

Reviewer: Kunihiko Izuishi

Reviewer’s report:

General

----------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Please use same ABBREVIATIONS; DIC-CT or CTC.
I find some miss spellings and grammatical errors, such as cheap--cost effective(6 line 3 page), reports on-----reports of(23 line 3 page), so widely spread-----wide spread (21 line 3 page), and estimated to 15%------estimated to be 15% (15 line 7 page).
Please check your manuscript again.

----------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
