Reviewer's report

Title: The Prevention of Anaphylactoid Reactions to Iodinated Radiological Contrast Media: A Systematic Review of Randomised Controlled Trials

Version: 2 Date: 18 April 2006

Reviewer: sachiko t. cochran, M.D.

Reviewer's report:

General

-------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

The revisions are acceptable.

-------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
