Reviewer's report

Title: The mitochondrial DNA T16189C polymorphism and HIV-associated cardiomyopathy: a genotype-phenotype association study

Version: 2 Date: 19 March 2009

Reviewer: Paul Brink

Reviewer's report:

Thanks, Queries have been tended to. It looks like references now match - I did not make careful analysis again.

Study have some relevance, but as pointed out, needs matanalysis or more similar studies.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
