Reviewer’s report

Title: Association of hypoxia inducible factor-1 alpha gene polymorphism with both type 1 and type 2 diabetes in a Caucasian (Hungarian) sample

Version: 2 Date: 15 July 2009

Reviewer: Yukio Horikawa

Reviewer’s report:

The authors responded point by point to my questions appropriately. I judge that this revised manuscript is suitable for publication in BMC Medical Genetics.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
