**Reviewer:** Paola Concolino

**Reviewer’s report:**

The authors have improved the text of the paper. Although the text is still very long, the data are interesting for the audients who are familiar with this disease, but can result very difficult to understand for the others readers.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
