Reviewer’s report

Title: A wide spectrum of clinical and brain MRI findings in patients with SLC19A3 mutations

Version: 2 Date: 31 October 2010

Reviewer: frederic sedel

Reviewer’s report:

This is a very interesting paper expanding the clinical and radiological spectrum of SLC19A3 mutations. The paper is well written and I have no remark. It should be published with minor editing.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
