Reviewer's report

Title: Common Polymorphisms of Calpain-10 and the Risk of Type 2 Diabetes in a Tunisian Arab Population: a case-control study

Version: 4 Date: 19 March 2010

Reviewer: Kazuki Yasuda

Reviewer's report:

I am glad to find that the authors have responded very well to the comments raised by reviewers, and the manuscript now seems acceptable to BMC Medical Genetics.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
