Reviewer's report

Title: Lack of association between the GRP78 polymorphisms in the promoter and 3' UTR and susceptibility to chronic HBV infection in a Chinese Han population

Version: 3 Date: 21 May 2010

Reviewer: Natalia Soriano-Sarabia

Reviewer's report:

In my opinion the article has really improved and it is ready for publication. Authors have carefully reviewed all the points and answered all my questions.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
