Reviewer's report

**Title:** Association of obesity risk SNPs in PCSK1 with insulin sensitivity and proinsulin conversion

**Version:** 2  **Date:** 10 May 2010

**Reviewer:** Jose Florez

**Reviewer's report:**

No further comments, I commend the authors for including the new clamp data. There is no need to include the supplemental figure in the revised manuscript.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I am currently participating in a genome-wide association study of proinsulin levels.
