Reviewer's report

Title: Molecular and Neurological Characterizations of three Saudi Families with Lipoid Proteinosis

Version: 2 Date: 31 December 2010

Reviewer: Joseph H Merregaert

Reviewer's report:

The authors responded satisfactory to my criticisms. However, the following minor corrections should be made to the final version:

1) Correct spelling of AMYGDALAE throughout the manuscript.
2) Reference 4 doesn't contain patient information and should therefore be removed on page 10.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
