Reviewer's report

Title: Evaluation of variants in the selectin genes in age-related macular degeneration.

Version: 3 Date: 18 March 2011

Reviewer: Abbot Clark

Reviewer's report:

The authors have adequately addressed the reviewers' concerns and significantly improved their manuscript.

There is one typographical error that should be corrected. Add "" in the 1st sentence of the last paragraph of the Results section [... AMD subgroups (dry AMD, wet AMD, and geographic atrophy) and further ...]

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
