Reviewer’s report

Title: Deletion Xq27.3q28 in female patient with global developmental delays and skewed X-inactivation

Version: 4 Date: 14 April 2013

Reviewer: Maria Giuseppina Miano

Reviewer’s report:

The Authors have improved their manuscript following my suggestions. However, my final recommendation is to read the MS accurately because some sentences are repeated too many times along the MS.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
