Reviewer's report

Title: Novel mutations of PKD genes in Czech population with autosomal dominant polycystic kidney disease

Version: 2 Date: 26 January 2014

Reviewer: Muhammad Hassan

Reviewer's report:

Dear Editors

In the revised manuscript, authors have addressed my queries positively, therefore, I recommend this manuscript for publication in its current form, and want to say "best wishes" to the authors for their future research.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
