Reviewer’s report

Title: PITX2 mutations are not a common cause for transposition of the great arteries (dTGA)

Version: 2 Date: 15 March 2005

Reviewer: Donna M Martin

Reviewer’s report:

General
This article, in revised form, is acceptable for publication.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Minor editorial comments: Pg 4, top line, syndrome is misspelled; pg 4, line 9, sentence reads "regulated by the same pathway than Pitx2" should probably read "pathway as Pitx2".

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
