Reviewer’s report

Title: No role for Estrogen Receptor 1 Gene Intron 1 Pvu II and Exon 4 C325G Polymorphisms in Migraine Susceptibility

Version: 4 Date: 24 January 2006

Reviewer: Jane Worthington

Reviewer’s report:

General
I accept that the changes made by the authors address the comments of the referees. I am prepared to go with the majority decision of the referees and would not object to publication.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision
