Reviewer's report

Title: CT60 genotype does not affect CTLA-4 isoform expression despite association to T1D and AITD in northern Sweden

Version: 4 Date: 10 November 2006

Reviewer: Jin-Xiong She

Reviewer's report:

General

--------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
Combining two different diseases for association is not acceptable.
--------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
--------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Reject because scientifically unsound

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
