Reviewer's report

Title: Total protein, albumin and low-molecular-weight protein excretion in HIV-positive patients

Version: 5 Date: 12 June 2012

Reviewer: Michelle Estrella

Reviewer's report:

The authors have adequately addressed all concerns previously raised in the initial review. Just a minor clarification for the conclusion section: Did the authors mean that 99% or 95% of RBP fell within the reference range?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
