Reviewer’s report

Title: Monitoring of hemodialysis quality-of-care indicators. Why is it important?

Version: 2 Date: 15 September 2012

Reviewer: leila malekmakan

Reviewer’s report:

Dear colleague;
This manuscript contains interesting content in this regard but some correction to be needed.

- Seems that the method and discussion sections is too long. These section should be change to concise.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
