Reviewer’s report

Title: Association of HbA1c and cardiovascular and renal disease in an adult Mediterranean population

Version: 3 Date: 19 June 2013

Reviewer: Michal Melamed

Reviewer’s report:

Major Compulsory Revisions

1) In the abstract, please change "The patients with known diabetes had a 2-fold increase in CKD or CVD." to language that is more befitting a cross-sectional study, such as "The patients with known diabetes had a 2-fold higher odds of CKD or CVD."

Minor Essential Revisions

None

Discretionary revisions

None

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
