Title: Crescendo of High-sensitive C-reactive Protein Levels Predict Peritonitis Risk in Chronic Peritoneal Dialysis Patients

Version: 1 Date: 18 July 2013

Reviewer: Farrokhlagha Ahmadi

Reviewer’s report:

Dear Author
Thanks a lot for important subject in PD patients. Your study is interest and new in this field. I think there is only fault for this study and it is about the table 1, you write p value in the below of table but it is better have written in the table and it didn’t need to write tests.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
I declare that i have no competing interests.
