Reviewer's report

**Title:** Do higher dialysate calcium concentrations increase vascular stiffness in haemodialysis patients as measured by aortic pulse wave velocity?

**Version:** 1  **Date:** 15 August 2013

**Reviewer:** Petar Avramovski

**Reviewer's report:**

Interestingly manuscript which present no way of pulse wave velocity measuring, connected and associated with dialysate calcium. Only good explanation of measuring procedure is insufficient.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
