Reviewer’s report

Title: A new mutation in the gene encoding mitochondrial Seryl-tRNA Synthetase as a cause of HUPRA syndrome.

Version: 2 Date: 9 July 2013

Reviewer: Shamima Rahman

Reviewer’s report:

Unfortunately the authors have not made the requested major revisions, i.e. performed functional studies to confirm pathogenicity of the observed mutation, therefore I do not consider that this manuscript is ready for publication yet.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
