Reviewer's report

Title: Joint effect of mitochondrial DNA 5178 C/A polymorphism and alcohol consumption on estimated glomerular filtration rate in male Japanese health check-up examinees: a cross-sectional study

Version: 2 Date: 17 January 2013

Reviewer: Rieko Okada

Reviewer's report:

The authors have appropriately addressed concerns raised in the initial review. I have no further comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
