Reviewer’s report

Title: Poor histological lesions in IgA nephropathy may be reflected in blood and urine peptide profiling

Version: 2 Date: 15 February 2013

Reviewer: Bum Soon Soon Choi

Reviewer’s report:

Minor Essential Revisions

There are still too many paragraphs in discussion (13-15 paragraphs). If possible, put together similar paragraphs and reduce to 6-8 paragraphs.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
