Reviewer's report

Title: Atorvastatin Treatment Attenuates Renal Injury in an Experimental Model of Ischemia-Reperfusion in the Rat

Version: 2 Date: 13 September 2013

Reviewer: Massimo Sabbatini

Reviewer's report:

The paper has been extensively revised and re-written and its quality has certainly improved. All the previous concerns have been adequately addressed. The paper, however, remains of limited interest.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
