Reviewer's report

Title: TL1-A Can Engage Death Receptor-3 and Activate NF-kappa B in Endothelial Cells

Version: 2 Date: 19 June 2014

Reviewer: PAUL EVANS

Reviewer's report:

The authors have not addressed my concerns over the relative importance of the signalling pathways of interest in different vascular beds, and in direct assessment of NF-kB activation.

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
