Reviewer's report

Title: Absence of Chloride Intracellular Channel 4 (CLIC4) Predisposes to Acute Kidney Injury But Has Minimal Impact on Recovery

Version: 2 Date: 13 February 2014

Reviewer: David Long

Reviewer's report:

The authors have adequately addressed the issues raised in the previous review of the manuscript in their rebuttal and made appropriate changes to the paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
