Reviewer's report

**Title:** Impact of renal dysfunction on long-term outcomes of elderly patients with acute coronary syndrome: a longitudinal, prospective observational study

**Version:** 5  **Date:** 1 August 2013

**Reviewer:** ZhONG Chen

**Reviewer's report:**

Minor Essential Revisions

1. in the definition part, the GFR was written incorrectly as GRF.
2. the definition of AKI should be provided in the part of METHODS.
3. in the third part of Results, under the subtitle "Coronary angiography results", the contents "but patients with severe RD demonstrated more complex left main coronary artery disease" might be expressed as "but patients with severe RD demonstrated more complex lesions in left main coronary artery". please check it.

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
