Title: Can Chitosan Chewing Gum Reduce the Serum Phosphate of Hemodialysis Patients? A Multi-Center Randomized Double-Blind Placebo-Controlled Trial

Version: 1 Date: 13 February 2014

Reviewer: SUSUMU UDA

Reviewer's report:

Authors have presented data that clearly suggest that no effects on serum and salivary phosphorous in Japanese hemodialysis patients with hyperphosphatemia.

This is an important article because it brought about results exactly the opposite of existing one.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
