Reviewer's report

Title: Ascites due to right atrial myxoma in a haemodialysis patient

Version: 2 Date: 22 November 2005

Reviewer: Ali Ihsan I Gunal

Reviewer's report:

General

----------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Now, I have no question.

What next?: Accept without revision

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No
