Reviewer's report

Title: Protective effect of EDTA preadministration on renal ischemia

Version: 2 Date: 14 February 2006

Reviewer: Yasuo Matsumura

Reviewer's report:

General: The revised version was greatly improved.

--------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
