Reviewer's report

Title: Patients with migraine with aura have increased flow mediated dilation

Version: 2 Date: 14 January 2010

Reviewer: Lorenzo Ghiadoni

Reviewer's report:

The authors answer satisfactorily to all issues raised in the previous revision. However, coefficient of variation over time for FMD in the lab should be reported in the text.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
