Title: Corticosteroid and antiviral therapy for Bell palsy: A network meta-analyses

Version: 1 Date: 22 March 2010

Reviewer: Pauline Lockhart

Reviewer's report:

MAJOR REVISIONS
Need to reference the up to date Cochrane reviews of Steroid and Antivirals in Bell's palsy - comments in the text need to reflect this

The search of papers looking at steroid treatment appears incomplete compared with other published work

MINOR REVISIONS
ART - abbreviation is wrong and should be AT (antiviral therapy)

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
