Reviewer’s report

Title: The impact of acquired brain damage in terms of epidemiology, economics and loss in quality of life

Version: 2 Date: 15 February 2011

Reviewer: Sharon Warren

Reviewer’s report:

I found this a very interesting, well conducted study, clearly reported. Thank you for making the few small changes which I originally recommended.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

No competing interests.
