Reviewer's report

Title: Ethnicity and thrombolysis in ischemic stroke: a hospital based study in Amsterdam

Version: 1 Date: 13 April 2011

Reviewer: Juan Carlos Garcia-Monco

Reviewer's report:

This is an interesting retrospective, single-center study showing the ethnic differences for receiving thrombolysis in patients with ischemic stroke.

The topic is of utmost relevance in terms of equity in daily clinical practice.

It is well written and focused, and the limitations are well described.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
