Reviewer’s report

Title: Recurrent aseptic meningitis revealing Kikuchi-Fujimoto disease: case report and literature review

Version: 1 Date: 18 August 2012

Reviewer: yuksel urun

Reviewer’s report:

The discussion section must be rearranged and ordered according the different issues: epidemiology, brief synthesis of the present report and published report, and current standard of differential diagnosis and treatment care.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
