Reviewer's report

Title: Stereoscopic virtual reality models for planning tumor resection in the sellar region

Version: 3 Date: 26 September 2012

Reviewer: Alireza Minagar

Reviewer's report:

This is a straightforward paper and is scientifically sound. The concept is great and the methodology is fine.

1. Is the question posed by the authors well defined? Yes
2. Are the methods appropriate and well described? Yes
3. Are the data sound? Yes
4. Does the manuscript adhere to the relevant standards for reporting and data deposition? Yes
5. Are the discussion and conclusions well balanced and adequately supported by the data? Yes
6. Are limitations of the work clearly stated? No, this should be mentioned by the authors.
7. Do the authors clearly acknowledge any work upon which they are building, both published and unpublished? NA
8. Do the title and abstract accurately convey what has been found? Yes
9. Is the writing acceptable? No, the English is poor and certain areas should be re-written.

Quality of written English: Needs some language corrections before being published
