Reviewer's report

Title: Limb-Onset Amyotrophic Lateral Sclerosis Patients Visiting Orthopedist Show a Longer Time-to-Diagnosis since Symptom Onset

Version: 3 Date: 30 January 2013

Reviewer: Friedhelm Sandbrink

Reviewer's report:

The authors made significant revisions in the response to the prior reviews. In particular, the figure "diagnostic pathway" outlines the referral pattern in greater detail.

No additional major or minor essential requests at this time.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
