Reviewer's report

Title: Abdominal wall hemorrhage after intravenous thrombolysis for acute ischemic stroke

Version: 4 Date: 19 October 2012

Reviewer: Jagarlapudi MK Murthy

Reviewer's report:

This is an interesting case report that is worth documented. The documentation is optimal. However, the length of the abstract and the text can pruned in length. Reptetions in the abstract should be better avoided.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

No conflict of intrest
