Reviewer's report

Title: Physical activity and associated levels of disability and quality of life in people with multiple sclerosis: a large international survey

Version: 2  Date: 26 June 2014

Reviewer: Peter Jongen

Reviewer's report:

The authors of the manuscript ‘Physical activity and associated levels of disability and quality of life in people with multiple sclerosis: a large international survey’ have adequately addressed my remarks. No further changes are needed and I recommend to publish the paper.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

The information with respect to competing interests has not changed since I reviewed the previous version of the manuscript. I declare that I have no competing interests.
