Reviewer's report

Title: Exploring Social Cognition in Patients with Apathy Following Acquired Brain Damage.

Version: 5  Date: 19 November 2013

Reviewer: Lyn Turkstra

Reviewer's report:

I appreciate the authors' efforts in addressing the previously stated critiques. With a close edit for English usage, the paper will make a good contribution to the literature in this area.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
